

**Columbia/Snake Mainstem Temperature Total Maximum Daily Load  
and Columbia/Snake Mainstem Total Dissolved Gas TMDL  
Public Information Workshop**

**September 26, 2002**

**9:00 AM to 3:00 PM**

**Washington Department of Ecology Kennewick Office**

**1315 W 4th Ave**

**Kennewick, WA**

Meeting Objectives:     Presentation and Discuss the Draft Preliminary Columbia/Snake Mainstem Temperature Total Maximum Daily Load (TMDL) and an Update on the Total Dissolved Gas (TDG) TMDL.

- |          |   |
|----------|---|
| 9:00 AM  | Welcome, Purpose, and Introductions<br>(Washington Department of Ecology and Umatilla Tribe)                          |
| 9:15 AM  | Columbia/Snake TMDL Overview (EPA)  |
| 9:30 AM  | Update on Columbia and Snake TDG TMDL and Discussion<br>(Washington State Department of Ecology)                      |
| 10:00 AM | Presentation on the Preliminary Draft Columbia/Snake River Mainstem Temperature TMDL and Interactive Discussion (EPA) |
| 11:30 AM | Lunch   |
| 12:30 PM | Continue on the Temperature TMDL Presentation and Interactive Discussion<br>(EPA)                                     |
| 2:30 PM  | Wrap-Up (Facilitator)   |
| 3:00 PM  | Adjourn   |
